13. Experience of Domestic Abuse Module**DVINTRO**

We would like to ask you some questions about your relationships with any partners you may have had since you were 16.

The Government defines domestic violence and abuse as ‘threatening, controlling, coercive behaviour, violence or abuse (psychological, virtual, physical, verbal, sexual, financial or emotional) inflicted on anyone (irrespective of age, ethnicity, religion, gender, gender identity, sexual orientation or any form of disability) by a current or former intimate partner or family member.’

Although some questions may seem quite intrusive, they are important in helping government understand more about people’s perceptions and experiences of such incidents. We, therefore, value your honest responses. Please be assured that these will be anonymised before any analyses are carried out. If the questions upset you in any way you can just pass over them by pressing ‘Don’t wish to answer’ - however, we hope you will continue to the end.
